## Other Information for Exchange Students:

Information for Exchange Students	Information for exchange students can be found at : <a href="http://www.jiu.ac.jp/kcenter/doc/index.html">http://www.jiu.ac.jp/kcenter/doc/index.html</a> Students may also contact the exchange studies programme coordinator in their home university for further information. Direct requests for information from prospective exchange students cannot be processed by JIU.
Application Materials	Application materials are available upon request. Please submit application materials to the exchange studies programme coordinator at your home institution. Do not send your application directly to JIU.

Housing	<p>Most of our Accommodation are usually a 10– 30 minute walk from the campus, and are located in a residential area of the city. You will have a furnished single or double room with fully equipped shared kitchen and bathroom.</p>  <p>The brand new students' dormitories called "Global Village" have just been completed both in Togane and Kamogawa campuses. The selections take place for those who would like to live in Global Village. International students also have options to live in apartments that JIU has prepared for. The rent and other financial information are listed on the forms attached.</p>
Cost of living	Approximately 50,000 yen per calendar month. It could be more expensive depending on student's life style.
Academic Expenses	Exchange students are not required to pay any tuition fees (note: some additional fees may be required for certain activities).
Health Insurance Requirements	<p>Exchange students are required to join the National Health Insurance (NHI) scheme even if you have your own health insurance in your home country. When you present the Card at a hospital when you get medical treatments or an examination, the insurance will cover 70% of the medical costs. The Insurance Premium is approximately 10,000 yen per year which can be paid a monthly instalment.</p> <p>All foreign students are also required to register for JIU School Insurance, "Kyosai" (premium is JPY9,000 per year or part there of).</p> <p>Note: NHI is a public mutual assistance medical system in which premium holders pay only 30% of the costs of medical or dental care at NHI approved medical institutions.</p>

Student ID Card	A student identification card is given to all exchange students after completion of registration procedures.
Visa Requirements	Unless students have dual nationality (one of which is Japanese), or Japanese residency permit, a student visa is required by all exchange students. If you require a visa, please consult your nearest Japanese embassy or consulate.
Consulate/Embassy Address	For the location of Japanese embassies and consulates, please refer to Japan Ministry of Foreign Affairs websites: <a href="http://www.mofa.go.jp/about/emb_cons/over/index.html">http://www.mofa.go.jp/about/emb_cons/over/index.html</a>
Residence Permit	Exchange students are not permitted to engage in any paid employment (incl. any part-time work). Josai International University does not allow students to apply for a work permit while their stay in Japan is "exchange student".

Pick Up Service	A pick-up service is available for students who arrive at Tokyo Narita Airport (NRT).
-----------------	---

**Additional Information about JIU:**

Location (Togane Main Campus)	Josai International University (JIU) main campus is located in Togane City with convenient access in one hour to both Tokyo's Narita Airport and central Tokyo. Shuttle Bus services from the campus are available to Tokyo, Yokohama, and other places in the Kanto area. The Pacific Ocean at Kujukuri beach is just 5km from the campus, and is known as one of Japan's top all year round surfing locations.
Campus Facilities (Kamogawa, Tokyo)	JIU has two other modern and spacious campuses. One is located in central Tokyo at Kioicho, the other is in the Pacific Ocean seaside resort of Kamogawa in the southern part of Chiba. Like the main campus in Togane these two locations offer all the facilities you would expect to find at a modern university: foreign students residence (opening 2015); a library; computing facilities; places to eat and buy things necessary for studying; as well as multi purpose rooms, sports and banking facilities.  Tourism studies at JIU are based at the Faculty of Tourism Awa Campus in Kamogawa about 90 minutes from Tokyo. As a real, working, tourist resort students studying here can choose from internship, and a wide range of practical, project, and fieldwork studies in tourism while developing one of the many languages or certificates the Faculty offers. The campus has its own seminar house for practical and other educational activities.
International Vision	JIU is a multi-faculty large-scale university with a global academic network that expands to 144 partner universities in 28 countries. To prepare students for employment in the modern world, courses in English and computer skills are required across all disciplines. JIU adopts a multidisciplinary approach to education to enable students to develop a broader global outlook and to gain a deeper understanding of issues in management, critical thought and problem solving. As part of its international vision JIU operates an interdepartmental credit transfer policy.
The JIU Approach	Josai International University (JIU) was founded in 1992 with 2 faculties and 2 departments. Now the university has grown to include 8 faculties with 9 departments and a further 6 schools for postgraduate studies.  JIU prides itself on its youthful ambition and energy, on its commitment to developing individual character, and to working for the benefit of both local and international communities. The university is guided by the principle of its founder of "character building through learning", and the nurturing of students' global leadership potential.  Not only does JIU provides a special brand of liberal education in the classroom, it also offers a three pronged practical approach to education which focuses on the use of foreign languages, information processing skills for planning and implementation, and the development of leadership and entrepreneurship. These three stages are: 1) "Field Training" including a variety of internships and on-the-job training. 2) "Project Training" in which students take the initiative in their studies. 3) "Career Education" which builds students career knowledge from day one at JIU.

Japanese Language and other Programmes	The JIU Japanese Language Studies programme offers high quality and effective language courses tailored to individual student's needs. The core curriculum is a one-year intensive course of Japanese language and culture. Exchange students are highly recommended to join this programme for their first 6 months at JIU.  The university also offers courses taught in English through the Global College, thus students can study Japanese culture in English while taking Japanese language. Eligible students may earn a BA in 4 years or a BA+MA in 5 years by taking their entire course in English.
Summer / short term Programmes	The university offers summer and other short-term programmes. For more details visit <a href="http://www.jiu.ac.jp">www.jiu.ac.jp</a>
Internship	JIU has an excellent network of internship opportunities. In order to take advantage of these opportunities exchange students should consult their head of department once they are enrolled at JIU.
Student Enrolment (2015)	Undergraduate or Bachelor Cycle (Years 1 to 4): 5843 Graduate: 336 International Students: 1406
Academic and Administrative Staff	Full-time professors: 241      Part-time lecturers: 245      Visiting professors: 18 Administrative staff: 79

<p>Togane City</p>	<p>The city of Togane, where JIU is located, is approximately 50km from central Tokyo. With a population of around 60,000, this modern city is known for its winter strawberry cultivation through a network of greenhouses around the city.</p> <p>Historically, Togane can trace its origins back to the beginning of the 17<sup>th</sup> century (<i>Edo</i> era) when it was a staging point and acted as an inn town on a main road, or highway, that has become the backbone of the city's modern development. This highway known as the <i>Onari Kaido</i> was built for the first Shogun of the Tokugawa shogunate, Ieyasu Tokugawa, who used it primarily for hunting trips. Under his order 350 years ago some 39 cedar trees were planted in Togane, and even today these trees can still be enjoyed as a reminder of the city's important historic role.</p> <div style="display: flex; justify-content: space-around;">   </div> <div style="display: flex; justify-content: space-around; margin-top: 10px;"> <p>SUNPIA (Togane city's Shopping Mall)</p> <p>Hakkaku Lake's cherry tree</p> </div>
<p>Kamogawa City</p>	<p>Kamogawa City is located about 80 kilometers from the doorway to Japan, Narita International Airport, and approximately 70 kilometers from the capital of Japan, Tokyo. Although located in the greater Tokyo metropolitan area, Kamogawa is blessed with a mild climate and rich natural environment. Kamogawa's ever-changing, beautiful coastline and terraced rice fields, the very image of Japanese agricultural villages, enchant visitors seeking nature. Kamogawa is a charming resort city blessed with abundant natural scenery. Kamogawa is a mecca for ocean sports such as surfing and swimming, deep sea fishing, and flower gathering.</p> <div style="display: flex; justify-content: center; margin: 10px 0;">  </div> <p style="text-align: center;">Maebara beach</p> <div style="display: flex; justify-content: space-around; margin: 10px 0;">   </div> <div style="display: flex; justify-content: space-around; margin-top: 10px;"> <p>Kamogawa Sea World</p> <p>Oyama senmaida</p> </div>
